IMPORTANT NOTICE
about
Lab Services

LABCORP HAS AN EXCLUSIVE CONTRACT WITH UNITED HEALTHCARE PPO OPTIONS NETWORK. **MAKE SURE ANY LABWORK YOUR DOCTOR REFERS YOU FOR IS ONLY DONE AT LABCORP FACILITIES** & INFORM YOUR COVERED SPOUSE (or ex, if your kids are on your plan).

Don't run the risk of your lab work being referred out-of-network and YOU having to pay more. You have the right to ask your doctor to send your lab samples to a network (LabCorp) laboratory.

Using ONLY in-network labs will save you more out of your pocket. Talk to your doctor's office if you are unsure where your lab samples will be sent. ASK THEM TO PUT A NOTE IN YOUR FILE FOR ALL LAB TO GO TO LABCORP!

If you ever need assistance with your benefits or finding in-network providers, remember the Concierge # on your ID card: 800-207-3172.
