

WHERE CAN YOU FIND BENEFITS INFORMATION?

The best route is via internet to: [My Benefits](#), which will list a variety of contacts and links for you to the various carriers/providers. Each provider will have its own usernames and password access available for you. If you've not previously registered, you will need to do so to have access (or you can phone them). You were also provided a written Benefits Kit during the annual Open Enrollment (April-May of each year) and with your Benefits folder that is issued as you first become eligible to enroll in the Benefits, as well as a USI Benefits Reference Wallet Card to provide easy reference for you to all carrier contact information.

Check your papers/files at home for "Work Papers" to see if you have the current version. At the My Benefits page, we also have a benefits book that you can view or print AND the actual Plan Documents/Policies that govern your medical and dental plans. If you still need help, you can call the Team Services office or 855-874-0110 (USI Insurance Services; tell them you're with Ancira).
